## Quilt Back Assembly:

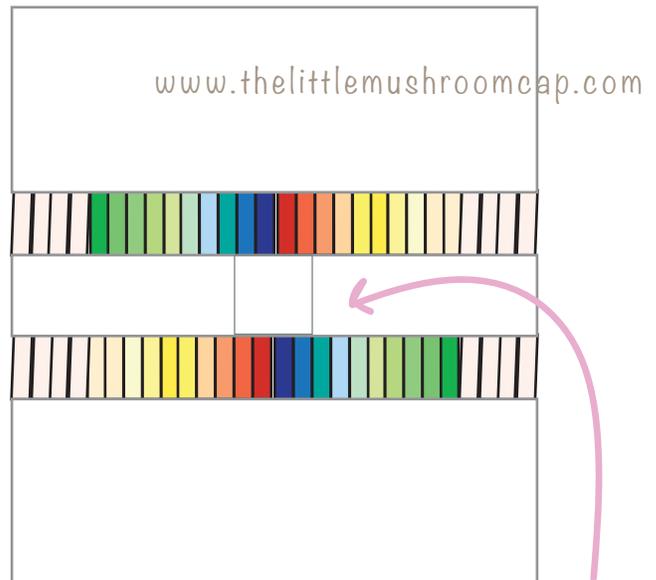

Assemble the leftover strip sets from the quilt top and add extension strips to the sides to form a long row of strips.

Cut the strip set in half across. Each unit should measure about 10" x 48.5". However, you may add more strips if you need a larger backing.

Assemble the quilt backing.

Optional : Add in a Quilt Label!  
**Check out Quilt Label Wizard HERE>**

## Finishing:

Make a quilt sandwich, baste and quilt as desired. Piece the binding strips together to form a long strip and bind the quilt.
